Dear Sir/Madam

RE: Notification under Section 60 of the Contaminated Land Management Act 1997

Please find attached a notification under section 60 of the Contaminated Land Management Act 1997 relating to potential contamination arising from a former landfill waste and incinerator site previously operated by Council on the current site of the Willoughby Leisure Centre and in the vicinity of Bicentennial Reserve and Flat Rock Gully.

Council has become aware of the potential contamination through the release of the Transport for NSW Beaches Link and Gore Hill Freeway EIS - Appendix N Groundwater (attached) and notes the indications in the EIS that mitigation measures are being considered to address potential contamination in the context of that infrastructure proposal.

Council officers are available to discuss this matter further if required. In this regard, please contact Council's Environmental Health Officer, Mr Tim Keith, in the first instance by phone on 9777 7686, or by email on timothy.keith@willoughby.nsw.gov.au.

Yours sincerely

Mark Taylor
